

Deliver yourself  
home safely

# Work Health and Safety in Australia

Who does what? How do we all fit together?

## Safe Work Australia

Our Members represent the Commonwealth, states and territories as well as workers and employers. We work together to improve work health and safety and workers' compensation for all workers in Australia.

## Work Health and Safety Regulators

We manage the laws about work health and safety for our state or territory. We make sure people follow those laws.

## Workers' compensation authorities

We can support people with the workers' compensation process.

The most valuable package is YOU,  
find information on staying safe at work here:
