## Questions:

- 1. How would you, as workers, like to be consulted on work health and safety?
- 2. Have you encountered any hazards in your work area? If so, what are they?
- 3. Do you feel comfortable and know how to report potential hazards or unsafe conditions you have witnessed?
- 4. Describe a safety hazard relevant to your work and the control/s that have been implemented to manage them. Are the controls still effective?
- 5. If there was one thing you could change about work health and safety in our workplace, what would it be?
- 6. Introduce your Health and Safety Representative! Explain their role within your workplace and how they input into safety decisions.
